## Introduction

WP3 Lead Anteja ECG organised two policy dialogue events to eventually communicate and validate the Joint Governance Strategy for the Danube circular bioeconomy. The transnational dialogues establish the Danube wide circular bioeconomy brain trust, which accelerates the participative governance and the development of circular bioeconomy by engaging debates, politics, and multilevel public administration to enable a multi-level dialogue and exchange on strategies, regional challenges, and joint programmes.

The first policy dialogue was organized in Ulm (Germany) on 1<sup>st</sup> of July 2022 and the second policy dialogue was organized virtually on 3<sup>rd</sup> of November 2022.

## #1 Transnational Dialogue in Ulm (1<sup>st</sup> July 2022)

The event was organized in collaboration with the Ministry of Economic Affairs, Labour and Tourism of Baden-Württemberg within the framework of the event **“The Danube Region at the Turn of the Times – Economic policy impulses from the EU Strategy for the Danube Region”**. During the event, experts from politics, business, and science discussed the impact of the war in Ukraine on the Danube region and how cross-border value chains can be made more resilient, among other topics. The transnational dialogue was organized in the format of a thematic island on the topic bioeconomy / energy under the name »Best Practice: Strategy for Transformation - Circular Bioeconomy in Action«. The agenda of the event is in Annex 1.

The event was mainly aimed at policy and business representatives, associations, research institutions, and municipal stakeholders from the Danube region. It took place in the Stadthaus in Ulm with the participation of GoDanuBio project partners (except Biz-Up, Ghelinta, IFKA, KSR and MEEBE) and relevant stakeholders. The participant list is attached in Annex 2.
