

LABEL TOOL

BUILDING QUALITY ASSURANCE SYSTEM OF THE ELDERLY WORKFORCE

Certificates are awarded to all those who demonstrated sufficient knowledge in the field of digital skills. It also provides comprehensive guidance in the creating of awareness and building trust among employers from different industrial segments.

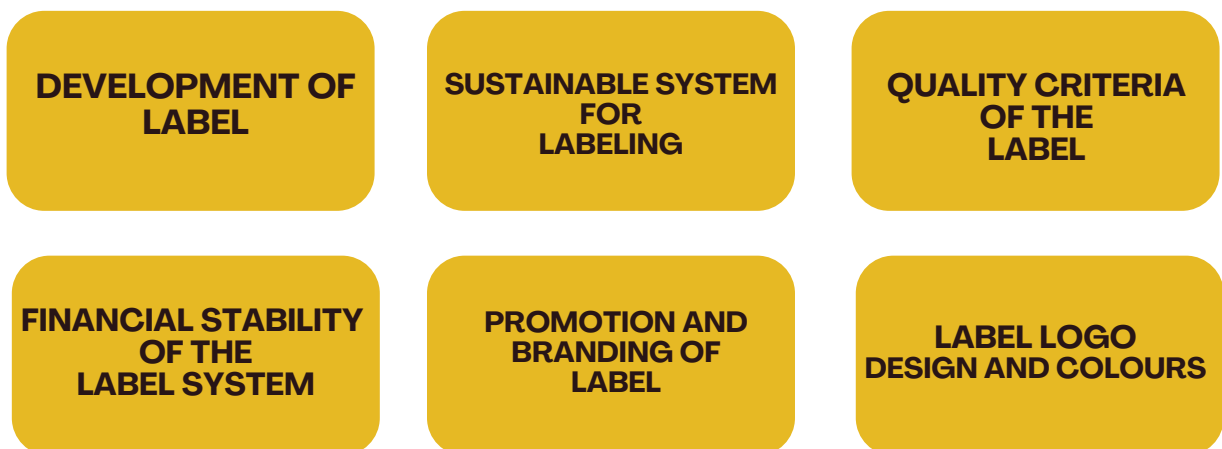

HOW?

Through the LABEL guideline

CAMPUS training is a tailored approach to educating older people in the field of digital skills. Following the research, in order to better understand the learning process in older people, the eDigiStars project team developed a digital skills training program.
