

Transnational Cooperation in BiH Under the Spotlight

📍 Sarajevo 📅 13 June 2023

Invitation Letter: Final conference of transnational 2014-2020 programmes – *Transnational cooperation in BiH under the spotlight*

Sarajevo, 10 May 2023

Dear Madam/Sir,

We are pleased to invite you to attend the Final Conference of 2014-2020 Interreg Transnational Programmes - **Transnational Cooperation in Bosnia and Herzegovina Under the Spotlight**. The conference will be held in Sarajevo on 13 June 2023 and will bring together representatives of partner institutions and organisations, management authorities and joint secretariats of transnational programmes, the EU Delegation, relevant ministries, the civil sector and the media.

Given that the 2014-2020 financing perspective is coming to an end, and the new 2021-2027 perspective has just begun, the time has come to showcase the results that transnational cooperation has produced, as well as to present the possibilities the new programme phase is offering. Within three Interreg 2014-2020 programmes (ADRION, DANUBE and MED), a total of 119 projects were financed and implemented in BiH. What are the lessons learned and good practices, what is the added value of participation of BiH partners in transnational projects, how to ensure the sustainability of project results, and how to make the participation of BiH beneficiaries even more noteworthy in the 2021-2027 programme phase - these are some of the questions that will be in the focus of the conference.

The draft agenda is attached to this invitation letter. Please note that the registration of participants is obligatory and can be done via the link [REGISTRATION](#).

We are looking forward to seeing you,

Team of National Contact Points of transnational programmes in Bosnia and Herzegovina
